Purchase of local breeding stock - sanctioned

Copy of Memorandum No.55245-P&D-II/50-1, dated 26-6-1950, of the Development Department, Government of Madras.

Sub: Livestock-Livestock Farm at Koila, South Kanara Distric Amenities -

---

The following suggestions have been made in connection with the establishment of the Livestock Farm at Koila in the South Kanara District:-

(1) Arrangements may be made to get the Sub-Assistant Surgeon at Uppinangadi to visit Koila once a week to give medical aid to the labourers at the Farm;

(2) A radio receiver may be supplied to the Farm and maintained by the Provincial Broadcasting Department as is done in the Hosur and Karukuppi farms; and

(3) Local cows may be purchased for breeding purposes.

The Director of Animal Husbandry is requested to examine the suggestions in consultation with the concerned Heads of Departments and submit a report to the Government.

2. In transferring 25 Sindhi cows from the Hosur farm, the Director of Animal Husbandry is requested to see that only good cows are selected and sent to Koila.

--

With reference to item No.3 of the Government Memorandum cited above, the Superintendent, District Livestock Farm, South Kanara reports that the local cows are capable of producing more milk if they are fed with a little more of concentrates and fodder. Therefore cows preferably first or second calvers of the same age, size and colour, as far as possible, with an average milk yield of 6--8 lbs. a day may be purchased first and tried in the Farm.

2. The buildings now under construction can conveniently accommodate these animals and hence there may not be extra expenditure on this account.

3. I request government to be pleased to accord sanction to the purchase and transport of 50 local cows and ~~that~~ two bulls at a cost of Rs.15,000/-.

4. The expenditure on this account will be met either by re-appropriation or by additional allotment at the end of year.

Yours faithfully,

Ref: From D.A.H., letter ROC NO.2881-VI/50, dated 25-9-1950.

The D.A.H. was requested to examine a suggestion that some local cows may be purchased for breeding purposes in the South Kanara Dist. Livestock Farm. He has reported that the yield of the local breed can be improved by better feeding and has requested sanction for buying 50 cows and 2 bulls of local strain, at a cost of Rs.15,000 inclusive of transport, for experimental purposes.

In his original proposals for the establishment of the Farm, the D.A.H. had made provision for purchasing 25 local cows at Rs.500/- each, but subsequently with a view to minimise expenditure on the scheme, this

provision was omitted. Having regard to the present financial situation it may not be possible to sanction additional expenditure on the scheme at present. However in the order sanctioning the scheme, there is provision for the purchase of 50 Murrah buffaloes at Rs.1000 each. The Director may, perhaps be permitted to buy 25 local cows and a bull (instead 50 cows and 2 bulls as proposed by him), a corresponding reduction being made in the number of Murrah buffaloes permitted to be purchased. For orders.

The direction proposed may be approved. There is great need to improve the local breed and for this purpose a sufficient number of bull calves should be purchased. The cost involved is not much and it should not be made a reason for not taking necessary steps. X
